ADDITIONAL DETAILS

I am best at writing optimised content for blogging. Which need very less efforts on off page optimisation. Even I work with wordpress all kind of sites. I personally go for rank math for on page seo. If you want Yoast as requirement, I will do.

I am also good at programming. I has my own tools written in C, C++. I have good command on competitive programming at hackerrank. I like new stuffs learn daily in programming. Best limited edition programmer.
